Nevada	Steve and Robin Starr
New Mexico	Neil Zack
Utah	Bruce and Virginia Hauser

Let's help each other out. Have something hanging around the house that you just can use or don't want anymore. Why not list it with us. Maybe someone in the group could save some \$\$\$\$\$\$ by taking it off your hands or trading something for it.

Let's get the information out there.

I'm sure we could all use a chance at saving some \$\$\$\$\$\$
Contact me and I will put it in our next newsletter:
Sandy Fiddler , 928-680-9431, or ontheroof@frontiernet.net

For Rent

Office space or light commercial space. Located on Lake Havasu Ave. across from Big 5 Sporting Goods. Contact Sam Laparne 928-208-7534 or lhsam@frontiernet.net

For Sale: Complete women's black leather set with rose cut outs. Black leather fringed jacket with liner size XL, Chaps size XL, Vest with fringe size XXL, and the all important part of the group a black fringed purse with rose cut out. Contact Karen or Don 928-768-2505 or dkmoedl@frontiernet.net. \$75.00 for the set. Maybe you know someone that could share this great buy with you if you can't use all of it.

Weed Control

If you are still in need of having some weed control done, our friend Tim Campbell has his own business. While he usually does most of his work in CA with the farmers and their horrible problem with pesky flies, he also sprays for weed control. He has done our yard for many years, and for those of you who have been to our house, know that weeds just are not a problem here. If you are interested please call Tim, at cell # 928- 230-1719, or his home # of 928-764-1868. Tim lives in Havasu Heights and does most of this type of spraying on the weekends. Tell him A.G. and Sandy told you to call.

Arizona's Injury Lawyers Who Ride[®]
We understand Bikes, Bikers, and Arizona Law

Biker Benefits[®]:

LOOKS CAN KILL:

Sandy Fiddler, Newsletter Editor

Looking out the window while driving or starrng at the scenery while riding or who you are passing can be a distraction if you are concentrating on getting that good look. It could be an accident, a vehicle pulled over by law enforcement, construction work, a billboard advertisement, a scenic view, street names or addresses. Always focus on your riding or driving. It's crucial that you remain alert while on the road to arrive at your destination safely. In this age of multi taking, it is common to do more than one task at the same time. Learn to drive and ride undistracted.

- STAY FOCUSED
- PAY ATTENTION
- EXPECT THE UNEXPECTED

These tips can help you continue to drive or ride and arrive at you destination safely.

- FOLLOW THE RULES
- BE WELL-RESTED
- DON'T TAILGATE
- ALLOW SUFFICIENT TIME TO REACH YOUR DESTINATION
- ENSURE YOUR CAR OR BIKE IS PROPERLY MAINTAINE.

“May your lives by safe and your roads smooth.”

Chapter Directors,

Please provide this information to your members. The Talent Show was amazing and I think you will have a lot of members interested in purchasing the CD.

Subject: CD from West Wing 1 Talent Show (this is the rally some of us attended in Henderson)

We have heard the master recording and the final editing is being done. The music sounds great. We will be offering the CD from "Las Vegas' Hidden Talent" for sale. Please call or email me to place your order, the cost is \$9.50 per CD. We can take checks and major credit cards. We need your regular mail address for shipping. No COD's. Please allow about 2-3 weeks for delivery.

A portion of the sale will go for "The Ride For Kids".

Please post on your district website and distribute to your local chapters, thank you.

California Considers Mandatory Smog Checks for Motorcycles

Monday May 4, 2009

The state of California, perhaps inspired by New York City's recent attempts to ban aftermarket motorcycle exhausts, is attempting to clamp down on custom pipes through Senate Bill 435. The bill would go into effect in 2012 if signed by Governor Arnold Schwarzenegger*, and it would require that every motorcycle manufactured in 2000 or later undergo smog checks every other year, according to the LA Times.

Using the argument that bikes pollute more than cars, the California Air Resources Board asserts that though motorcycles are responsible for only .8 percent of total vehicle-miles traveled, they account for 10 percent of the total smog-forming emissions from passenger vehicles. Unlike New York City's bill, the proposed California legislature takes aim at air pollution, not noise pollution, by targeting emissions-unfriendly aftermarket exhaust systems.

Motorcycle Industry Council president Tim Buche has responded by saying, "We don't feel it's a time for government to deploy inefficient uses of scarce resources," and the constricting move certainly wouldn't help an industry that's already hurting thanks to declining sales and a recently imposed ban on youth offroad motorcycles.

ALL SCHEDULED RIDES LEAVE FROM McDONALDS						

* June 6th ride will also give you the opportunity to see the 32nd. Annual tube float on the Colorado.*

It has been suggested that because of the temps and many of the group on vacation that we try to stay a little closer to home and keep the ride a little shorter. Hope this month is good for all of you. Please remember to submit your ideas for a ride. There are a few great things to do that would require and over night so if you would like to do something like that let me know.

See ya on the road.

May your lives be safe and your roads be smooth.
